

Level III Design of Erosion and Sediment Control Plans Certification List

The following individuals have passed the Level III-A Design of Erosion and Sediment for Reclamation Plans Examination. The list includes all individuals who successfully completed the examination through the December 9, 2011 class.

If a **star** appears in the certification number beside your name, **you have passed the examination**, but **payment has not been received** as of yet. Once registration fees have been accounted for, your certification number will be released and certificate mailed. Please discuss this matter with your accounting department prior to contacting Bonnie Kurth with NCSU-BAE at 919-515-8239.
